Title: Theodore Dunham, Jr. Grants for Research in Astronomy

Funding Agency: Fund for Astrophysical Research

External Deadline(s):

09/30/2020 02:00 PM PDT (Full Proposal)

Cognizant Office: Office of Foundation Relations

Description:

The Fund for Astrophysical Research in The New York Community Trust invites applications for their Theodore Dunham, Jr. Small Grants in support of research in astronomy.

Frequency: Typically annual

Total Award: \$3,000

- Typically up to \$3,000, but may be up to \$5,000 in particularly meritorious cases
 - Funds may be used for the acquisition of astronomical equipment, computer time, computer hardware or software that will be used in research
 - Funds may not be used for equipment intended only for teaching, publication costs or travel costs to attend meetings, or salaries

Indirect Costs: Not Allowed

- **Caltech's minimum overhead rate is based on the award's annual gross funding. Please refer to the [FY20 Annual Rate Memo](#) for applicable minimum overhead requirements. Applicants must work within their division to account for the required overhead via an approved MORA form.**

Duration: 1 year

Discipline(s): Geological and Planetary Sciences; Physics, Mathematics, and Astronomy

Eligibility: Research Faculty, Tenure-Track Faculty, Tenured Faculty

- Grants are only made to non-profit colleges, universities, and observatories in the United States.
 - Principal investigators must be astronomers engaged in research at one of these organizations and must reside in the United States. No grants are made to individuals
 - Caltech researchers other than tenure-track faculty will need to obtain approval from the Division Chair and Vice Provost for Research prior to submitting an application
- Preference is generally given to proposals for facilities that are likely to be used by a number of astronomers

Post-Award Obligations:

- Final narrative and financial report

Recent Caltech Recipients:

- None
